

Our Story

F.A.S.E is a California based non-profit organization that has been serving districts and families since 2017. We have always aimed to develop communities, schools, and youth through strategic partnerships, community development, and youth programming. Our work is backed by over 15 years of diverse educational experience collectively amongst the F.A.S.E. team.

“We serve those who will one day change the world.”

“Giving is more about self-sacrifice in ways that are suitable for you while being able to serve others.

This is how we serve.”

-Allison Sherman
President and Founder

Families and Schools Empowered

Our Mission

To offer targeted developmental programming and services through a variety of approaches that encourage healthy lifestyles, leadership, and a self-empowered mindset among the communities we serve.

Our Vision

To increase community awareness and leadership among thriving families in order to combat obstacles that plague low-income communities and foster advancement and elevation on a mass scale.

Our Programs

Empower Me Too

A small group curriculum available to middle and high school students that promotes social-emotional awareness and life skills for upward social mobility.

AACIP Program(African American College Initiative Program)

The AA College Initiative Program aims to improve the university application acceptance persistence rates for ALL African-American high school students. AACIP provides extraordinary supports to encourage a smoother, less intimidating college transition for it's student participants and engage the family and guardians in the college going process.

F.A.S.E. Scholarships

Scholarships for deserving seniors who are experiencing financial hardship, are active in their community, and who are on track to attend a 4-year university.

F.A.S.E. Health

Community health programming, resources and educational material for targeted groups in underserved communities.

F.A.S.E. Community Homes

Short term housing and developmental programming for displaced youth.

Global Minds

Educational youth programming with travel abroad discovery component.

Why we serve?

Equip our youth with the tools and skills they need to thrive and excel evenly in our society as healthy adults.

Empower our youth with knowledge in the areas of business, wellness, and local legislation in which they have traditionally had limited exposure to in low-income areas.

Encourage a sense of unity and willingness to pay it forward amongst the communities we serve.

F.A.S.E. is equipping teens and young adults tools to develop as successful leaders, professionals, and advocates who can affect change for future generations.

Our annual “Access” Youth Conference is designed to give youth access to developmental workshops on basic and complex skills regarding careers, education, relationships, finance, and more. Content is prepared and delivered by experienced professionals who reflect the student demographic.
